VOIT Reporting

2007-2016 Detailed Forest Management Plan

November 15, 2007

Table of Contents

1.	INTRODUCTION.....	1
2.	VOIT REPORTING ELEMENTS.....	1
	VOIT 1 – Area of opening, mature + old, old and oldgrowthness forest by species strata for the forested and managed landbase for each FMU (1.1.1.1).....	2
	VOIT 2 - Opening patch size distribution on the forested landbase for each FMU (1.1.1.2a).	22
	VOIT 3 – Proportion of overall oldgrowthness forest that is interior oldgrowthness forest by FMU for the forested landbase (1.1.1.2B).	28
	VOIT 36 – Completion of carbon budget analysis on the Preferred Forest Management Strategy of the 2007 DFMP (4.1.1.1).	32
	VOIT 42 – Area in the ‘extreme’ and ‘high’ Fire Behaviour Potential rating categories within the Whitecourt FireSmart Community Zone, over the planning horizon (5.2.1.1A).	33
	VOIT 43 – Area in the ‘extreme’ and ‘high’ Fire Behaviour Potential rating categories across the DFA, over the planning horizon (5.2.1.1B).	38
