

### Auction Markets Checklist of Cattle Traceability Requirements

- Register and receive a PID number - [click here](#) to register or to log in
- Register any information changes in the [PID system](#) within 30 days
- If you are an Approved-Tagging Site ensure to tag each animal individually using a CCIA-approved RFID tag and report tagging events into the CLTS database ensuring that the animals owners are recorded with the tag numbers—[click here](#) for tips
- Provide your PID number to clients using your facility
- Record PID number on [Livestock Manifest](#) when shipping cattle
- Maintain livestock records for 10 years

### Better Management Practices

- Adoption of Biosecurity measures – [click here](#) for more information
