Alternative Livestock Owner's Checklist for Traceability Requirements

☐ Register and receive a PID number - click here to register or to log in

☐ Register any information changes in the PID system within 30 days

☐ Some industries have developed ways to identify animals and record movement: click for bison and cervids

☐ Check with your industry association to see if there are ways to identify your animals and record movement

Better Management Practices

☐ Registration of all livestock premises in the PID system

☐ Keep records of animal movement off farm

☐ Accurate record keeping including parentage and medications

☐ Adoption of biosecurity measures
