Tax Management Strategies for Farmers – 2nd Edition

This updated book helps you take advantage of tax savings and deferrals.

It also shows you how to avoid tax traps that cost you more than you need to pay.

Alberta Forage Manual

Contains extensive descriptions of forage species and their growth habits to help in planning forage management programs. Fully illustrated with over 350 colour images, plus line drawings, tables, charts and graphs, this forage reference work provides a wealth of information. 350 pages.

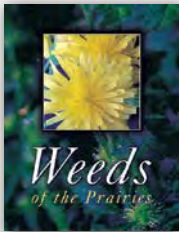

Agdex 120/20-1 **\$30**

The Beef Cow-calf Manual

The fourth edition of *The Beef Cow-calf Manual* features 282 pages of the most up-to-date information available for cow-calf producers. Over 250 colour photos, tables and figures help make this book a great resource for both the new and the experienced producer.

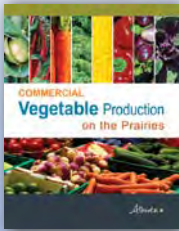

Agdex 420/10 **\$30**

Weeds of the Prairies

This book is a comprehensive field guide to the common weeds across the Canadian Prairie provinces. Detailing 112 weeds, this book gives you over 500 full-colour photos of the weeds at different growth stages. Weeds are colour-coded by flower colour for easy reference. 266 pages.

Agdex 640-4 **\$25**

Commercial Vegetable Production on the Prairies

A resource and reference tool for new and experienced vegetable growers at all scales of commercial production. Growers can plan every step of their production, from seeding/transplanting to harvesting and storage. Full colour images in all chapters, especially pest management, along with details on each vegetable crop cover all the topics. 300 pages.
