Re: Hinton Wood Products 1999 DFMP Commitment Matrix

Alberta Sustainable Resource Development Staff have completed a review of Hinton Wood Product's request for approval and closure of the 1999 commitment matrix, submitted February 25, 2008. Through the joint review of the 1999 commitment matrix, the status of each commitment in the 1999 commitment matrix was assigned as completed, deleted, on-going or carry forward. Your request is approved as submitted with acknowledgment of your intent to include on-going and carry forward into the new matrix that will be developed for the 2009 DFMP.

If you have any questions or concerns, please contact Tracy McLean at (780) 865-6960.

Sincerely,

A handwritten signature in black ink, appearing to read "Bill Tinge".

Bill Tinge
Acting Forestry Program Manager
Foothills Area
